Feedback for Crew Leaders

What is one thing each of your leaders can do more and one thing they can do less to improve their leadership skills?

Feedback for Regional Staff

What is one thing your regional staff can do more and one thing they can do less to improve your experience and performance? (Consider operations, logistics, and communication)

At any time during your participation in the program, was there something that could have increased your sense of safety and well-being?

Is there anything that you'd like to discuss with staff?
